Description

Pre-conditions: User need to enter invalid E-mail and Password.

Test Case Data:Invalid Username and Invalid Password.

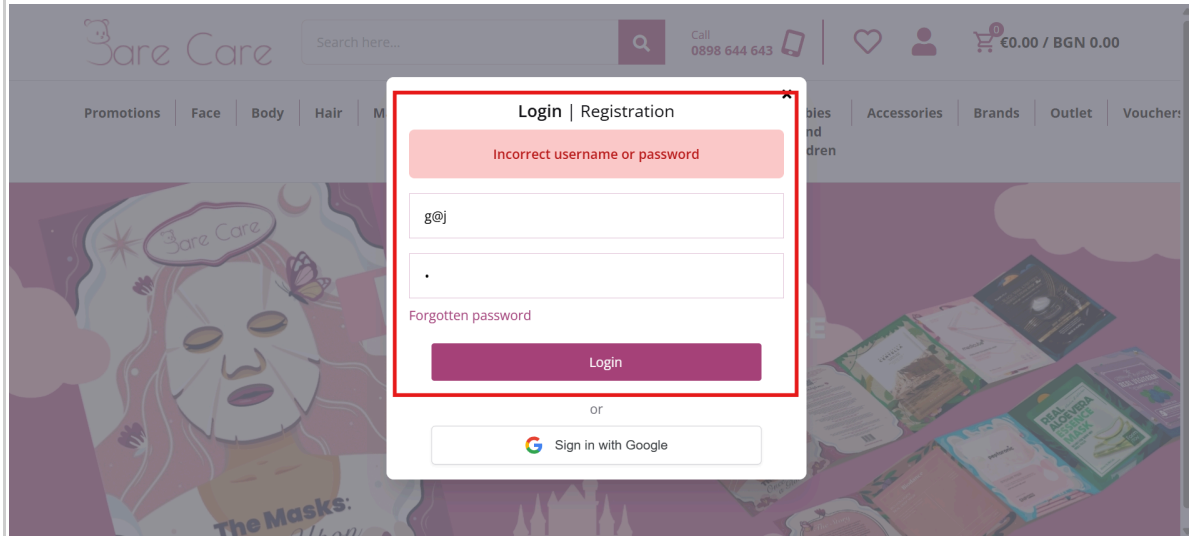

Steps to reproduce:

- 1.Click on the human icon on the top right corner.
- 2.Enter Invalid Username and Invalid Password.

3. Click on Login button.

Expected results: An error message appears and says that the Username and/or the password are incorrect.

Actual results: An error message appears and says that the Username and/or the password are incorrect.
